WARSAW TO GET MORE MEAT, SHOP STORES

140 NEWSTORES ANTICIPATED -- Trybuna Ludu, No 171, 24 Jun 49

At present, Warsaw has approximately 300 meat stores. One hundred ten stores are managed by the Central Administration of the Meat Industry. With a steady increase in population, the number of meat stores is inadequate. It is anticipated that by the end of 1949, 140 new meat stores will be opened. The estimated handling capacity of each store is 1,000 - 1,500 customers daily.

The Central Administration is also planning to build model meat stores. By the end of the first quarter in 1950, Warsaw will have 25 model meat stores, each handling 4,000 - 5,000 customers per day. In July 1949, the first model meat store will open on Jerozolimska Avenue, Warsaw.

To avoid long queues, meat is sold on Thursdays, Fridays, and Saturdays on the card system, and on Wednesdays, and Saturdays on the open market.

Warsaw consumes an average of 700 tons of meat per week.

MORE FOOTWEAR FOR WSS -- Trybuna Ludu, No 171, 24 Jun 49

The WSS (Warsaw Consumers Cooperative) has received a large supply of domestic-made summer footwear for men, women, and children. These shoes have been distributed among the WSS retail stores.

Next week WSS will open its fourth store selling leather for footwear. It will be located on Gorczewska Street. The other leather goods stores are located on Henczewicza, Slowacki, and Brzeska streets. Still others are to be opened in the near future.

Since the chain of leather goods stores has not as yet been fully developed, some WSS footwear stores are authorized to sell leather, both in standard and in cut sizes.
